

“GIFT IN KIND” SEEKERS

At the Hamilton Burlington SPCA, there are many behind the scenes roles to keep our operations and shelter running. Our Events Team needs your help to creatively source donated items and services from community members to be used for events, special projects and meetings.

- **Location:** This volunteer role is based at our McMaster Innovation Park, at 175 Longwood Drive Hamilton location.
- **Time commitment:** We ask our volunteers to commit to a weekly shift of 3 to 4 hours. These are typically 9 to 12 or 1 to 4pm on Tue, Weds or Thurs.
- **Role Overview:** This volunteer role actively supports the Events Team by helping source free materials and services for HBSPCA events. We're looking for a creative thinker and resourceful "treasure hunter" who enjoys digging into Facebook Marketplace and other local online marketplaces to uncover useful items that others might consider giving away. HBSPCA will provide an account for this purpose. The successful volunteer will be an excellent communicator, confident negotiator, and highly organized when coordinating pickups and working with our logistics team. They will also represent HBSPCA when communicating with members of the public and must always do so in a friendly, respectful and professional manner that reflects the values of HBSPCA. Bonus points for outside the box thinking and a sense of humour.
